9. Same-day edits

You can edit today's collections until day-end. After midnight, payments are immutable. Contact admin for corrections requiring reversal.

10. Offline guidelines

- Queue builds in local storage — do not clear browser data while offline items pending
- Sync requires stable connection
- Failed syncs show error — retry or contact admin
- GPS metadata preserved in offline queue

11. What you cannot do

- Approve loans or registrations
- Access admin settings or reports
- Modify pool capital
- View other collectors' assignments

12. Best practices

- Reconcile daily before leaving field
- Record payments at point of collection
- Keep device charged for GPS accuracy
- Sync offline queue before end of day
