

WILMS

Women's Interest-Free Loan Management System

Administrator Manual — v1.8.0

WILMS Super Admin Manual

Version: 1.7.3 Role: Super Admin Classification: Confidential

1. Overview

Super Admins have full programme control including user management, loan pools, capital operations, expenses, communications, operations, and system settings. This manual covers daily administrative tasks.

2. Getting started

Login

Navigate to the WILMS URL. Enter email and password. Complete OTP challenge if enabled. You land on the operational dashboard.

Navigation

The admin sidebar includes: Dashboard, Applications, Groups, Collectors, Loan Pools, Risk Flags, Expenses, Reports, Executive Intelligence, Communications, Ops, Audit, Settings.

Note (v1.7.3): The standalone Export Center route has been removed. Export reports and data using contextual export buttons on report pages, borrower profiles, and executive intelligence.

3. Dashboard

The operational dashboard shows:

- Reconciliation aging summary
- Pending reconciliation table
- Recent Activity feed (audit log, time-grouped)
- Collection metrics and financial KPIs
- Quick links to pending items

Use this dashboard for daily operational oversight.

4. User management

Invite a user

1. Settings !' Users !' Invite User 2. Enter email, display name, role 3. User re
activates account

Edit user
