

WILMS

Women's Interest-Free Loan Management System

Board Presentation — v1.8.0

WILMS Board Presentation

Version: 1.7.3 Audience: Directors, MPs, NGO boards, institutional partners Classification: Confidential

Slide 1: Title

WILMS — Women's Interest-Free Loan Management System

Production operational platform | v1.7.3 documentation release

Platform features through v1.7.2 | August 2026

Slide 2: The Challenge

Women's interest-free lending programmes face:

- Paper records lost or inconsistent
- No separation of duties between field and HQ
- Delayed visibility into portfolio health
- Fragile cash reconciliation
- Limited auditability for donors and boards

Slide 3: The Solution

WILMS digitises the complete lending lifecycle:

Registration ! Approval ! Disbursement ! Collections ! Reconciliation ! Reporting

One platform. Five roles. Full audit trail.

Slide 4: Platform at a Glance

| Metric | Value |

|-----|-----|

| Roles supported | 5 (Admin, Officer, Collector, Approver, Auditor) |

| Money handling | Integer pesewas — no rounding errors |

| Deployment | Vercel + Neon PostgreSQL |

| Offline capable | Field collector payments |

Slide 5: Financial Integrity

- Admin fee enforced before disbursement
- Pool hard-stop prevents over-disbursement
- Full weekly collections — no partial payments
- Immutable payments after day-end
- Maker-checker on expenses and approvals
- Append-only audit log

Slide 6: Executive Intelligence

Board-ready dashboard with:

- Financial KPIs: disbursed, collected, outstanding
- Operational KPIs: active borrowers, collection rate
- Risk indicators: overdue, flagged borrowers
- Schedule-based forecasting
- One-click compliance pack export

Slide 7: Field Operations

- Mobile-optimised collector shell
- GPS-verified payment capture
- Offline queue with auto-sync
- Daily cash reconciliation
- Group collection sheets

Slide 8: Security and Compliance

- Role-based access control
- Separation of duties enforced
- Confidentiality notices on all exports
- Login alerts and force-logout
- Rate limiting and CSRF protection

Slide 9: Release History

| Version | Milestone |

|-----|-----|

| v1.5 | Platform consolidation |

| v1.6 | Enterprise readiness |

| v1.7.0 | Executive intelligence |

| v1.7.2 | RC stabilization |

| v1.7.3 | Official documentation library |

Slide 10: Roadmap

- v1.8 — Mobile money and bank integrations
- v1.9 — Workflow automation
