Women's Interest-Free Loan Management System

Auditor Manual — v1.8.0

WILMS Auditor Manual

Version: 1.7.3 Role: Auditor Classification: Confidential

1. Overview

Auditors have read-only access to reports, audit logs, risk flags, and export artefacts. You cannot modify borrowers, loans, payments, or system settings.

2. Getting started

Login with auditor credentials. Dashboard shows read-only KPIs and report shortcuts.

3. Reports

Reports !' Select report type. Available reports include:

- Portfolio summary
- Collection performance
- Overdue analysis
- Disbursement register
- Expense summary
- Reconciliation status
- Borrower register

Apply filters and run. Export using contextual export buttons (PDF, Excel, CSV).

4. Audit log

Audit !' Filter by:

- Action type (login, approval, payment, etc.)
- Actor (user)
- Date range
- Target entity

All entries are immutable. Use for compliance verification and investigation.

5. Risk flags

Risk Flags ! View all active and resolved flags. Read-only. Review approver d

6. Executive intelligence

Executive Intelligence ! View board-grade KPIs, portfolio breakdown, and fore
external review.

7. Exports

All exports include confidentiality footer. Store exported files securely. Do not share outside authorized personnel.

Note (v1.7.3): Export from report pages and executive intelligence directly. Standalone Export Center removed.

8. What you cannot do

- Approve/reject loans or registrations
- Record payments or expenses
- Modify users, pools, or settings
- Delete audit log entries

9. Audit procedures

Monthly review

1. Run portfolio summary report 2. Review reconciliation status for open items 3. Sample audit log for privileged
actions 4. Verify expense approval chain (submitter "" approver) 5. Export com

Investigation

1. Identify entity (borrower, loan, user) 2. Filter audit log by target entity 3. Cross-reference with report data 4.
Document findings in external audit workbook

10. Best practices

- Export reports before external audit deadlines
- Never attempt to modify data — contact admin
- Report suspicious audit log entries to programme director
- Maintain secure storage of exported files

CONFIDENTIAL — For authorized WILMS personnel, executive review, procurement, and official record keeping
only.
