

WILMS

Women's Interest-Free Loan Management System

Registration Officer Manual — v1.8.0

WILMS Registration Officer Manual

Version: 1.7.3 Role: Registration Officer Classification: Confidential

1. Overview

Registration Officers register new borrowers, capture documents and GPS locations, and manage pending registrations until submission for approval.

2. Getting started

Login with your officer credentials. You access the Registration Portal with borrower-focused navigation.

3. Registering a borrower

Step 1: Personal details

Applications! New Registration. Enter full name, date of birth, phone, address must be completed.

Step 2: Document capture

Upload identity document (national ID, voter ID, or passport). Capture photo. Select signature or thumbprint capture mode.

Step 3: GPS verification

System captures GPS coordinates at registration location. Ensure device location services are enabled.

Step 4: Save

Save as pending registration. You can edit pending registrations before submission.

4. Managing pending registrations

My Registrations shows your pending and submitted registrations with KPI summary. Edit pending items. Submit for approver review when complete.

5. Editing borrowers

You can edit borrower details for pending registrations. Approved borrowers require admin action for changes.

6. Printing agreements

From borrower profile, use Print Agreement for A4 formatted loan agreement document.

7. Search

Global search (navbar) finds borrowers by name, phone, or ID. Results are role-scoped to your accessible records.

8. What you cannot do

- Approve or reject loans
- Record collections
- Manage loan pools or users
- Access executive intelligence or audit log

9. Best practices

- Verify identity documents before submission
- Capture clear photos in good lighting
- Confirm GPS accuracy in rural areas
- Complete all fields before submitting for approval

CONFIDENTIAL — For authorized WILMS personnel, executive review, procurement, and official record keeping only.
